

HIGHT AND HIS ACCOMPLICE GO TO OTHER JAILS

Minister Taken To Nashville; Woman Goes To Salem

MOUNT VERNON, Ill., Sept. 23.—With confessions of their poison plot romance in the hands of State's Attorney Thompson, Rev. Lawrence M. Hight and Mrs. Elsie Sweetin were taken from Mount Vernon jail tonight and placed in jail at Nashville and Salem, respectively.

Not so much the fears of Sheriff Holcomb that a threatening crowd might assemble, prompted the move, the sheriff said, as the fact that there are no quarters here for women prisoners, so the two principals in this striking love story of a mining town circuit rider were separated after a brief but fervid farewell, each under charges of murder. Almost three hours the two were allowed to remain together this morning and this meeting furnished the missing link in the double murder, namely Mrs. Sweetin's part in the confessed poison plot.

Their meeting was one filled with affection, as was their separation, when she was led away to Salem, Ill., and he was taken to jail in Nashville, Ill.

Only Sheriff Holcomb and a few of his deputies were silent witnesses of the short, but impassioned farewell of the two. Looking down into her eyes the clergyman, with dragging step, approached the woman for whom he had confessed his love, grasped her hand and pressing back the tears from his eyes, murmured in a depressed tone of voice: "Good bye, my dear, I hope somehow we meet again."

No response came from the woman who still showed outward effects of an all night vigil during which she was pressed for her confession.

Are Separated
Pressing back all outbursts of his stirred emotions, the clergyman turned away and was taken from her. She, too, hesitated as she followed the two deputies who were to bring her to Salem. This was the big event for the townsfolk in the morning but they seemed to have forgotten about the "love triangle" in the evening and permitted their thoughts to drift away from the topic of the day to merrymaking at the fair.

Tonight the state's attorney was sleeping deeply, having spent two sleepless nights in obtaining the confessions of the couple. Never before, he said, had he met two prisoners so willing to have the crime investigated for which they had been arrested as were the "poison plot" couple who insisted steadfastly that they were not guilty. Yet without threats or harsh words, but with kindness and strategy, the prosecutor succeeded in getting from both a complete confession of their part of the double killing.

Up to the time Mrs. Sweetin, at daybreak today, sobbed out that she was innocent, she was the strongest willed woman he ever brought to jail. It was the meeting with the clergyman, his carcases as seen from the outside of the cell, that moved the woman to admit that she had been implicated in the plot, and that she had given her husband the fatal dose of poison.

"You loved me before, are you going back on me?" was one of the first questions with which the clergyman softened her heart after the two had exchanged short words of greeting, the first since his arrest last week.

Woman Breaks Down
This appeal, the state's attorney said, did more, in his opinion, to move the woman to confess than did the many hours of questioning she was subjected to. Then after being left alone to her thoughts and later being closeted with the clergyman, she weakened and told in detail how she had administered poison to her husband on three occasions until he finally succumbed. And each

K. OF P. RE-ELECT MILLARD F. DUNLAP

PEORIA, Ill., Sept. 23. (AP)—Election of officers comprised the principal business of the Knights of Pythias who opened their state convention here today.

Pence B. Orr, Joliet, was elevated to Grand Chancellor, the highest active office in the gift of the lodge. He succeeds W. H. Moore of Peoria.

Arthur W. Bates of Chicago was chosen grand outer guard. Perry Parsons of Waukegan, grand inner guard; A. S. Weeks of Champaign grand master at arms; Daniel H. Ross of Benton, grand promoter; Millard F. Dunlap of Jacksonville, master of exchequer; and James E. Deringer of Bushnell, grand vice-chancellor.

A big parade in Peoria's streets will be held tomorrow night by the delegates and Dokays.

COMPLETE STORY OF AIRCRAFT REQUESTED BY NAVY SECRETARY

President Suggests Question Should Be Handled Under Navy

WASHINGTON, Sept. 23. (AP)—The problem of what should be the ratio of development of submarines, surface ships and aircraft in the navy during the next few years was handed by Secretary Wilbur today to the navy general board with instructions that it make a comprehensive study and report to him at its earliest convenience.

The secretary's action was in keeping with a statement made earlier in the day at the white house that President Coolidge was inclined to think that in its initial stages the aircraft inquiry should be considered solely by the naval standpoint.

The general board will be authorized however to seek information from, and the cooperation of, officers in both the navy and army who have had experience with air craft units.

Acting Secretary Davis of the war department announced today that the question which was proposed personally by President Coolidge to Secretary Wilbur was considered by the war department as purely naval in character.

It is thought certain, however, that eventually the study will be carried on to include problems connected with the continental coast defense and production and development of special types of aircraft.

The board as now constituted includes Admiral E. W. Eberle, chief of naval operations; Major General John A. Lejeune, commandant of the marine corps; Rear-Admiral P. P. Jones, recently commander-in-chief of the battle fleet; Joseph Strauss, naval budget officer and C. S. Williams, A. T. Long and W. W. Phelps.

MEANS DECLARES HE HAS NOTHING TO SAY ON HIS REPUDIATION

Will Appear Before Com- mittee Or Furnish More Evidence

CONCORD N. C., Sept. 23. (AP)—Gaston B. Means, former department of justice agent and star witness for the Wheeler senatorial committee investigating the department in a statement tonight declared that he would have nothing further to say in connection with his testimony and the alleged repudiation of his testimony made in a statement issued by Harry M. Daugherty, former attorney general until he ascertained whether the committee would be called in special session in the near future.

The former investigator asserted that there were many angles to his work which could not be discussed "at this time." He declared, however, if no meeting of the committee was called he would be glad to furnish any of its members such information and facts as he claimed were in his possession.

AUTO SPEEDERS ARE FINED IN CHICAGO

CHICAGO, Sept. 23.—Fines running as high as \$200 and jail sentences were imposed on motorists today who had been arrested on charges of speeding or other automobile-law violations.

Miss Olive Clark drew a fine of \$200 and costs and a jail sentence for speeding while intoxicated.

Ten speeders received jail sentences and about 300 others were fined a total of \$10,000 for reckless driving. Six of those sent to jail were driving while intoxicated. The other four were unable to pay fines. Judges in the speeders' court today also raised the scale of fines. For 25 to 30 miles an hour fines of from \$10 to \$25 were imposed, 30 to 35 miles up to \$50 and for 35 miles and up from \$50 to \$200 and costs.

FEDERATION TO HELP REDUCE DEATH RATE

SPRINGFIELD, Ill., Sept. 23. (AP)—Members of the Illinois Federation of Women's Clubs must cooperate with all existing agencies to reduce the death rate among mothers and babies in Illinois, according to Dr. Lena K. Sadler, in an address delivered here today at the meeting of the state board of the organization.

Mrs. George Thomas Palmer, Springfield, president of the state organization, denounced "foolish sentimentality" in criminal cases in her address. The board will conclude a two day session in this city tomorrow.

MANY INJURED IN
CALIFORNIA WRECK

Wilmington, California, Sept. 23.—Twenty eight men and women were injured, two probably fatally, when the Pacific Electric car on which they were returning to Los Angeles from the Catalina Island wharf, crashed into a switch engine here tonight.

AIRMEN ARRIVE AT POINT WHERE FLIGHT STARTED

Seattle Is Officially Considered As Com- pletion Of Trip

CLOVER FIELD, Santa Monica, Calif., Sept. 23. (AP)—The first airplanes to encircle the earth flew home today when Lieutenant Lowell H. Smith, flight commander, led three world cruisers back to Santa Monica where they were built. The greatest reception of any place in the world greeted the fliers, Lieutenant Smith said as he got out of his flag plane, Chicago, to kiss his mother.

There were more than 100,000 on the field to roar a welcome to the fliers.

The homecoming was but a momentary stop, for Thursday morning they will resume the flight toward Seattle, the next leg being to Crissy Field, San Francisco.

"Where's Donald Douglas?" said Lieutenant Erik Nelson, engineering officer of the world flight, as he jumped from the New Orleans and quickly found the airplane maker on the field and hugged him.

Fond mothers' greetings were bestowed upon two of the fliers, Lieutenant Smith and Lieutenant John Harding, by Mrs. Jasper Smith of Los Angeles and Mrs. Roberta Chase Harding of Beverly Hills.

The world cruisers, mechanically perfect, hummed their way up from San Diego against head winds following the coast most of the time.

They flew over Los Angeles, then turned down to the field by the seashore, landing in one hour and 40 minutes after they hopped off from Rockwell Field, San Diego.

Will Leave Thursday
The flight will be resumed Thursday forenoon, the time of departure depending upon report of weather conditions by scout planes which will leave the field here at 7 o'clock in the morning.

Major Shepler Fitzgerald, who will pilot one of the scout planes said the route would be up the valley, across Tehachapi Pass, then over Bakersfield, Fresno and other valley towns, then over Livermore Pass, and to the San Francisco Bay region.

The flight to San Francisco will take about four and a half hours.

The multitude at the Clover Field roared a welcome as the fliers, leaving the seven escort planes high above, lined out in a single file with Lieutenant Smith in the lead and made a perfect landing.

To the reception stand they taxied over an acre of blossoms. Official greetings were extended by military officers and Congressman John D. Fredericks, and then the fliers each were presented with a purse of \$1,000 from the "Appreciation Fund" raised here by donations.

No further mechanical changes in the world cruisers will be necessary before the flight officially ends at Seattle, according to air officers of the ninth corps area. Weather conditions only, will determine the times of flight on the legs between Clover Field and Crissy Field, San Francisco, and Eugene, Ore., and Seattle.

The flight to San Francisco was to have been made tomorrow but it was decided tonight to postpone the hop until Thursday in order to give the aviators a longer rest here.

RUSSIA RECOGNIZED BY MANCHU LEADER

TOKIO, Sept. 24. (AP)—Late dispatches from Mukden confirm previous reports that Chang Tso-Lin, the Manchurian leader, has made an agreement with the soviet government which covers the future of the Chinese Eastern railway and includes the recognition of the Moscow government.

The agreement it was said was made between Chang and a representative of the soviet sent from Peking to L. M. Karakhan, the soviet ambassador to Peking.

Peking, Sept. 24. (AP)—Chang Tso-Lin is alleged to have signed an agreement with the soviet government on the condition that the latter does not take hostile action regarding the Chinese Eastern railway while Chang is engaged in war against the Peking government.

MAJOR PEDRO ZANNI
HAS NARROW ESCAPE

Honk Kong, Sept. 24. (AP)—Major Pedro Zanni, the Argentine aviator who arrived here Monday on his "round the world flight," Felipe Del Frame, his mechanic and E. Rouillon, the Peruvian consul narrowly escaped being drowned in a collision between motor boats in the harbor here today.

Zanni was at the point of exhaustion when picked up. The aviator has been guest of the Peruvian consul since his arrival here.

Brigadier General Sawyer Passes Away

MARION, O., Sept. 23.—Brigadier-General Charles Elmer Sawyer, personal physician to the late President Harding, died suddenly of heart disease at White Oak Farm, his home here today.

Slightly more than a year from the time Dr. Sawyer stood by the bedside of President Harding in a San Francisco hotel and watched the life of the nation's chief executive ebb away, Mrs. Florence Kling Harding, widow of the late president, performed the same service today to the physician.

Mrs. Harding has been making her home at White Oak Farm since the president's death.

Dr. Sawyer died while reclining in his office where he was awaiting for his son, Dr. Carl W. Sawyer, to bring him some medicine.

Dr. Sawyer returned to his home early in the afternoon, complaining of not feeling well and was advised by his son to lie down.

He died while sleeping.

Funeral arrangements had not been completed tonight, friends of the family announced.

KRAUSER REPUDIATES STATEMENT CLEARING GRANT FROM MURDER

Says He Was Forced To Sign Document Drawn By Prisoners

CHICAGO, Sept. 23.—Walter Krauser, under sentence of death for the murder of a policeman today repudiated a recent statement he made exonerating Bernard Grant, facing the same penalty as Krauser's companion in the murder.

In his newest statement, Krauser asserted that his original exonerating statement had been drawn up by fellow prisoners and that he was forced to sign the document.

Thomas F. Swanson, attorney for Grant, who Saturday gained a 90 day reprieve for his client, would make no comment on Krauser's repudiation. Swanson said that he had not yet learned the date upon which will be held the hearing before the state board of pardons and paroles on Grant's petition for a complete pardon or commutation to life imprisonment.

Petitions and letters urging clemency for Bernard Grant, sentenced to hang, are pouring in on Governor Small. Grant and his attorney as the latter, Attorney Thomas E. Watson, awaits setting of a date for a hearing before the board of pardons and paroles of Governor Small's reprieve of 90 days will not affect the hearing by the board, Mr. Swanson said today.

Young people as well as women and men are adding their words to the fight against the death penalty for Grant, whose co-defendant, Walter Krauser, has said Grant had nothing to do with the hold-up and killing of Policeman Ralph Souders in 1922, for which both Krauser and Grant were sentenced to death.

Ruby Simonde of Peoria, Ill., telegraphed the attorney \$50 to aid Grant's case.

CONFERENCE TO WAIT FOR COURT'S ACTION

CARBONDALE, Ill., Sept. 23.—The regular procedure of the Methodist Episcopal church will be adhered to in the case of Rev. Lawrence Hight who confessed yesterday that he instigated the poisoning of Wilford Sweetin of Ina, and poisoned his own wife, the Rev. C. Hall, superintendent of the Mt. Carmel district of the church, announced tonight at the opening here of the annual meeting of the Southern Illinois conference of the Methodist Episcopal church.

"While there is no desire to mitigate the crime to which the minister has confessed," Rev. Hight said, "the church would not ante-date the court action; despite the fact that the minister had already confessed."

In further explaining this, he said, it could be possible that mitigation of punishment would be granted on the grounds of insanity.

A committee will be appointed, it was announced tonight by Bishop F. D. Leete, of Indianapolis, to investigate the case and submit a report on its findings to the conference, but not before the court has acted.

WHEELER ADDRESSES DAVENPORT AUDIENCE

Davenport, Iowa, Sept. 24.—Entering Iowa today, Senator Wheeler, Independent vice-presidential candidate made his first speech tonight from a Mississippi River pier to an audience on Davenport water front. In it he appealed for support of Senator Brookhart, Republican, Iowa, criticized Republican tariff policies and advocated enactment of legislation sought by some farmers organizations.

He made brief talks earlier in the day over radio and in Rock Island, his last Illinois stop.

NORMAN L. JONES WARNS AGAINST PROPOSED FUND

Advices Contractors Money Would Be Used For Small

SPRINGFIELD, Ill., Sept. 23. (AP)—Judge Norman L. Jones, Democratic candidate for governor today appeared before a meeting of a committee of the Illinois Highway and Municipal Contractors association in this city and warned against a plan to raise \$175,000 to aid in putting over the \$100,000,000 hard road bond issue in November.

Judge Jones declared the money if raised would be used to further the campaign of Governor Small for reelection.

Jones' statement in part follows:

"Recently I learned that the contractors engaged in the construction of state highways were called to Springfield a few days ago and that about sixty or more attended the meeting; that C. R. Miller, director of public works and buildings addressed the contractors and told them before the \$100,000,000 bond issue could be put over it would require a great deal of money and it had decided that the state contractors, material men and those who would profit by the passage of the bond issue should contribute a quota of at least \$175,000 to secure its passage, the money to be handled by Director Miller, an appointee of Governor Small. I was further informed that the Illinois Highway and Municipal Contractors' association took the suggestion as imperative and are now engaged in raising the money. I got in touch with W. F. Lodge, Monticello, president of the association, and was informed by him that a committee composed of D. H. Jansen, Pekin; William Menely, Decatur; I. D. Lane, Bloomington; Allan Parrish, Paris, and James Cameron, Keokuk, Iowa, had the matter in charge."

"And now at a meeting of said committee I desire to enter a vigorous protest to the proposed scheme, and denounce it as a meeting expressly designed by Governor Small to finance his campaign for governor and I admonish your organization not to become a party to it."

"It is conceived in sin and is not intended to aid the proposed bond issue."

"I am informed by a member of your organization that the plan to spend this money is to man every precinct in the state with both Republican and Democratic workers to solicit voters to support the bond issue. This is but a bi-partisan arrangement to corrupt both Republican and Democratic candidates for the governor's candidacy."

"It is urged that the voters must be instructed that votes not cast in favor of the bond issue will be counted against it. In answer to this it is only necessary to say that in 1918 the \$60,000,000 bond issue passed by a substantial majority, notwithstanding this rule. The sentiment for hard roads is vastly stronger now than at any time."

"If the highway contractors become a party to this scheme the conclusion is inevitable that they expect to profit by the reelection of the governor."

"Good roads are not an issue in this campaign—more good roads are needed but a return to good government in Illinois far more desirable. There is no stronger advocate of hard roads than I am. ***** There is no organized opposition to it and there is no reason why your organization should be shaken down for \$175,000 to further the candidacy of Governor Small."

"The former governor was greeted by a large crowd."

DENEEN URGES VOTERS TO FORGET PRIMARY

SPRINGFIELD, Ill., Sept. 23.—Former Governor Charles S. Deneen tonight urged Republicans of Illinois to forget the primary race and give their support to the entire Republican ticket. The candidate for U. S. senator to Springfield was more in the nature of a homecoming, as he resided in this city eight years during his two terms as governor.

The speaker spoke on national issues and declared that the Republican party without the league of nations had prompted foreign relations better than the Democrats did while they were in power with the league of nations as their goal. He asserted the achievements of the party were sufficient to insure victory in November.

The former governor was greeted by a large crowd.

REPORTERS BARRED FROM KLAN MEETING

KANSAS CITY, Sept. 23. (AP)—Meeting in executive sessions from which newspapermen were barred, the second Imperial Klono-vocation of the Ku Klux Klan was called here today. Hundreds of klansmen said to represent every state in the union were present.

American flags were prominent thru the hall and on the platform were large photographs of President Coolidge, George Washington, Thomas Jefferson and Dr. H. W. Evans, of Atlanta, Ga., the imperial wizard.

The Klono-vocation will close Friday according to the program.

Galesburg, Ill.—Burglars who entered the residence of W. B. Thorpe, while the family was away, obtained loot valued at thousands of dollars, it was discovered today.

SENTENCED FOR MURDER OF U. S. ARMY OFFICER

Chesterfield, S. C., Sept. 23. (AP)—Mortimer N. King and Frank Harrell, young cotton mill workers were found guilty of the murder of Major Samuel H. McLeary, United States army officer by a jury in circuit court here today and sentenced to die in the electric chair. Judge C. C. Featherstone, presiding fixed the date of execution as November 21.

REPUBLICAN LEADERS SAY OVERCONFIDENCE WOULD RUIN CHANCES

Fear That Many of Party's Supporters Would Fail To Vote

WASHINGTON, Sept. 23. (AP)—Warnings against overconfidence were voiced today by two Republican leaders after visits to the white house where they made encouraging reports on the trend of the campaign in the east, particularly in New England.

Senator Pepper of Pennsylvania and Senator Dale of Vermont, brought these reports and declared that while the situation generally looked most promising, it would be dangerous for party success to express too much confidence, lest some of the party's supporters fail to vote.

President Coolidge let it be known today he was satisfied with the trend of the campaign and that he had not made any plans for speaking next month, except at exercises in Washington, dedicating the first division monument here October 4, and at the opening of the American Red Cross meeting two days later.

The president's engagement list today was held down. He met this morning with the cabinet at the regular semi-weekly session and later gave his attention to the address he will deliver in Philadelphia Thursday night.

An invitation to speak at the banquet to be given the army world fliers and Pulitzer prize winners was presented to Mr. Coolidge today by Hector Fuller, representing Frederick B. Patterson, president of the National Aeronautical Association of Dayton, Ohio.

MRS. HUNN'S SLAYER IS UNEER ARREST

LOS ANGELES, Cal., Sept. 24.—Harry Connor, alias Harry Garbutt, ex-convict accused of the murder of Mrs. Clifton R. Hunn in Pasadena last Friday night, was arrested in a local hotel here tonight by a detail of Los Angeles and Pasadena police.

Connor's arrest followed closely that of a young woman, describing herself as Irene Kirkhoff, who, police assert, had been hiding the murder suspect since he became a fugitive.

Arrested, Connor smiled and said: "Well, I guess you've got me," but refused further comment. The woman also refused to talk. Connor, formerly a convict at Joliet penitentiary where he was sent for robbery, was said to have obtained his release largely thru the influence of the woman he is alleged to have slain.

Pasadena, Calif., Sept. 23.—Clifton R. Hunn, husband of Mrs. Dorothy Lee Hunn, Chicago woman killed in her home here last Friday night, arrived today from Chicago and went immediately to the undertaking parlors to make arrangements for Mrs. Hunn's funeral.

130TH INFANTRY WILL HAVE BASKETBALL LEAGUE

Danville, Ill., Sept. 23.—Colonel Culbertson, commander of the 130th Infantry, announced today that he is planning the formation of a military basketball league for the coming winter with teams representing the two companies in Danville, two in Decatur and one each in Paris, Sullivan, Champaign and Springfield. A schedule of games will be prepared at once.

DAVIS REPLIES TO DAUGHERTY'S FORMER LETTER

Finds No Warrant For Withdrawing Any Of Statements

NEW YORK, Sept. 23. (AP)—The real enemies of the constitution are not the reds and Bolsheviks, but "corrupt and impotent public officials and their associates," John W. Davis, the Democratic presidential nominee declared in a letter written today to Harry M. Daugherty in reply to the one sent to him recently by the former attorney general. Expressing the belief that the real work of this campaign is the arousing of the moral sense of the American people "to condemn and not to condone the betrayal of official trust," Mr. Davis wrote Mr. Daugherty that "this issue cannot be obscured by your forced effort to represent the real contest of this campaign as one between the defenders of the constitution and those who seek to overthrow it under leaders' fresh from a baptism of Bolshevism in lurid and suffering Russia."

"If the constitution is to endure," Mr. Davis added, "the first requisite is that men who hold office under it shall be honest and faithful to their trust."

Denying Mr. Daugherty's statement that his allusions to the former attorney general during the campaign had been "quite veiled," Mr. Davis said they had been "both direct and specific."

He added that he had found "no warrant whatever" for withdrawing any single one of them, and then proceeded to elaborate upon them in blunt fashion.

As to "Self Respect"
Brushing aside Mr. Daugherty's statement that his "self-respect" was debased by his appearing before the senate investigating committee because of the malice exhibited towards him by Mr. Davis, Davis said that it seemed to him that under the circumstances the malice of the committee and the falsity of the evidence would rather increase than diminish the natural desire of any man, much less an attorney general of the United States to meet his accusers on their own ground.

"I confess that your failure to do so," Mr. Davis wrote, "as well as the refusal of your brother to furnish information demanded of him in return, produced on me, and I think upon the country, an exceedingly painful impression."

"Insofar as the man Gaston B. Means is concerned," the letter continued, "I have read the repudiation of his former testimony which you enclosed in your letter. I observe that since your letter was delivered to me he has once more recanted and repudiated his repudiation. *****"

"It was you however, who appointed him to a confidential position in the department of justice."

"You brought him into the circle of your official intimates," Mr. Davis said. "You created him a government agent. You gave him his credentials. At the time you did so his character was already notorious. ***** I can imagine no maladministration in any governmental department more vicious than the employment of men of such character."

Adverting to the indictment of United States Senator Burton K. Wheeler of Montana, "prosecuted by the senate committee," Mr. Davis said the "significant thing" was that no effort to find such an indictment had been made until Senator Wheeler "had assumed a leading part in the criticism of the administration and of yourself."

In writing Mr. Daugherty that "he was mistaken that such references as had been made to him were unusually vague, and all the more reprehensible," Mr. Davis said he begged to call attention to them.

Spoke Plainly

"In my speech of acceptance," he wrote, "I spoke of an attorney general, meaning yourself,—admitting bribe-takers to the department of justice, making

There is much to be said for the Chinese method of warfare. Hardly anybody gets killed. Nobody has to buy bonds till it hurts, and business proceeds almost the same as usual.

Parson Hight and Mrs. Sweetin, both of whom have confessed to murder by poisoning, may be

hung or may get long terms in the penitentiary. It makes little difference. The ones who will really suffer are the children of these two red-handed criminals.

These stories of the "testimony" in "reputation" of Gaston B. Means would be ridiculous were it not for the harm that has been done and the characters that have been besmirched. Means has lied so often and admitted the lying that nothing that he has said should be given the slightest credence. But while he has been discredited and because of him the Wheeler investigation committee has also been discredited, yet the damage done cannot be repaired.

Campaign speakers in the west this year cannot afford to omit the Indians when they grow eloquent over party issues. Under a new law this is the first time that Indians have been given the right to vote in the presidential election. Statistics show that there are about 135,000 of these red men, the original possessors of the continent.

In all this talk about a close election and the possibility of throwing the election into the house, the votes of the "noble red men" should certainly be sought.

The men chosen to fix the worth of land damaged by water from Mauvasterre lake since the raising of the spillway are meeting from time to time. It is gratifying indeed that the land owners are willing to settle the matter thru arbitration, and certainly the findings of Mr. Lowenstein, Mr. Rowe, and Mr. Walbaum, all familiar with land values in this part of Illinois, should be just and equitable.

Certainly the plan of arbitration agreed upon by city officials and the land owners far exceeds anything which could have been done in a court trial.

LOOKING BACKWARD

An old London newspaper, year 1887, comes to light with this social notice: "Randolph Churchill is a perfect type of gentleman. His house is appointed comme il faut with electric lights in every room."

That seemed wonderful then, only five years after Edison introduced electric street lighting into New York City.

INCREASE IN ZONING

The first comprehensive zoning in this country was one passed in New York City in 1916. By Jan. 1, 1923, there were 129 zoned cities, towns and villages in the United States. Today approximately 24,000,000 people, living in 261 municipalities throughout the country, enjoy the benefits of zoning. The chief centers of zoning efforts are found in New York, New Jersey, California, Ohio, Massachusetts, Illinois and Wisconsin. But the plan is spreading.

A zoning ordinance, as defined by Secretary of Commerce Hoover is a "reasonable, neighborly agreement as to the use of land." It should promote health, safety, morals and general community welfare by regulating the use to which land and structures may be put in given areas, the height and number of stories of the buildings, and the areas of the lots to be occupied by the buildings.

Cities which have "just grown" have been found wanting in attractiveness as well as in health and safety. It now seems possible to direct municipal growth so that no section suffers from the encroachment of other sections, so that residence districts may have lawns and clean air and abundant sunshine, so that business and manufacturing sections may have suitable transportation and so that other obvious benefits may be secured to citizens.

BLUFFS

Bluffs, Sept. 22.—The Rev. George Springer preached his initial sermon at the M. E. church Sunday to a large congregation. He will remove his family to the parsonage Thursday and in the mean time the interior will be redecorated and painted.

Mrs. Agnes Griggs who has been a patient at the St. John's hospital at Riverton for several weeks returned to her home Monday evening unimproved in health.

H. C. Finner, station agent for the Wabash, received a message from Carthage stating that his uncle, Henry Boles of that city had passed away at 9 o'clock a. m. Monday. Besides his widow who was formerly Miss Flora Borton of Bluffs, he is survived by five daughters. For a number of years he was telegraph operator and station agent at Denver. In later years he has lived a retired life at his beautiful home in Carthage. No arrangements for the funeral have been made at this time.

Little Miss Dorothy Zengler will entertain a number of little friends at her home from four to six o'clock Tuesday in honor of her eighth birthday.

Rev. Mr. Kowlasky and family have moved from Long Point and are comfortably settled at the M. P. parsonage.

Mr. and Mrs. D. V. Hobbs and daughter, Dorothy, spent Sunday with relatives in Meredosia.

Mrs. Lee Baird and daughter Ruth left Thursday for a visit with relatives in Missouri.

LADY ANNE HAMILTON

Too late I stay'd,—forgive the crime!
Unheeded flew the hours;
How noiseless falls the foot of Time
That only treads on flowers!

What eye with clear account remarks
The ebbing of the glass,
When all its sands are diamond sparks,
That dazzle as they pass?

Oh, who to sober measurement
Time's happy swiftmess brings,
When birds of paradise have lent
Their plumage for his wings?

FACTS ARE GIVEN ABOUT POST OFFICE

Record of the Department Since March 1921 Has Been One of Constant Progress—Report Given to Public by Postmaster General Harry S. New.

Postmaster General Harry S. New, has sent to postmasters throughout the country and has given to the public a resume of facts concerning the operations of the postoffice department for the past three and a half years. A part of the postmaster general's statement, which is given herewith, indicates very clearly how rapid and continuous has been the growth of the department and further the successful efforts which have been put forth to increase the efficiency in the matter of public service and to treat with fairness all employees of the department.

Part of the statement follows: Herewith I am communicating to you certain facts relating to the operation of the postal system since March 4, 1921. During this period the postal service has witnessed extraordinary expansion and marked improvement.

The expansion has been so rapid and at times uneven that it has for short intervals taxed to the extreme all the efforts and energies of the postal organization and the existing appropriations. This expansion is measured by two distinct considerations:—one is the increase in postal receipts, there having been a total increase in three years of \$188,508,725, so that the annual receipts last year reached the sum of \$572,000,000. The other consideration is the spread of towns and cities due to the influence of the automobile. The same number of people doing the same amount of business are now spread over a far greater area than formerly. People are not residing so closely together in the cities. Because of this fact cities have grown in the last few years out into the country and suburbs to an extent not ordinarily appreciated. The mail carrier must go where they are. It is not possible to measure in exact terms how much this new phase in the spread of cities has cost the postal service in the number of carriers needed, necessary, the number of motor vehicles required, and otherwise.

In addition to the two foregoing elements in postal expansion, is the demand for better service, and to a large degree this demand has also been met.

More Employees To meet this postal expansion and the service improvements, "regular" employees have been added to the service to the number of 17,994. These are divided as follows: Railway mail clerks, 1459; laborers in post offices, 1389; motor vehicle employees, 372; carriers, 5297; and post office clerks, 9479.

Within the cities there have been established 191 "classified" sub-stations and 537 so-called "contract" postal stations. New carrier service in 104 villages has been established, and new "city service" in 164 small cities.

In farming and rural districts, there have been established in three years 1008 rural routes, and many existing routes have been lengthened, so that the result is that the service has been extended during this time to 730,393 people who hitherto have had no delivery service whatever. At the present time the number of families served by rural routes is 6,534,960, and the total population is 30,060,816.

The motor vehicle service now requires, in order to perform its part in the postal service, 8,758 motor vehicle trucks or its equivalent, which is 2424 more than was required three years ago. Of this number 5278 are government owned. The remainder are employed under contract or under yearly daily or hourly rental. It should be noted that the cost of maintaining and operating the government-owned trucks has been reduced from 87c to 63c per hour.

While this expansion of, and improvements in, the postal service has been met in the foregoing manner, it is to be noted that the postal "deficit" has at the same time been reduced from \$83,400,000 to about \$18,000,000. This has been accomplished almost wholly by the inauguration of better business methods, and the application of a rigid system of economy. It has not been accomplished by unreasonable exactions from those who perform the work in the postal service. In fact, the conditions of labor have been very markedly improved.

In addition to securing a better

and more prompt service to the people generally, there are certain particular items of improvement which may be mentioned. Among these we note the following:

Daily air mail service on a route from New York to San Francisco has been established. The postage paid by the public is 8c per ounce for each of the three zones. The value of such service to business and to the development of the science of aeronautics is rapidly seen and fully appreciated by the public. The schedule is every day, including Sundays and holidays, and the time for the trip is 34 hours and 45 minutes going west, and 31 hours and 35 minutes coming east. New air mail stamps, 8c, 16c and 24c have been issued.

This is the longest air line in the world and is the only route upon which night as well as day flying is employed. Air mail was recommended by Postmaster General Hayes and Work and put in operation by me on July 1, 1924, by and with the approval of President Coolidge and Congress.

Air Service To Alaska An airplane service was established and run as an experiment in Alaska, covering a route from Fairbanks to McGrath which ordinarily takes the dog sleds 35 days in each direction. Larger cargoes of mail were carried than possible to accommodate in the dog sleds, and the round trip was made in one day, going out in the morning and back in the evening, 24 hours to 3 hours being required for each journey of the plane.

This Administration has inaugurated and scrupulously followed the policy of shipping all possible foreign mail in ships carrying the American flag. This has resulted in giving to American shipping much more business than it formerly had.

In accordance with the new regulations residences have been equipped with mail boxes on door steps for the safe reception of mail and its expeditious handling by the carrier; and the apartment houses are being equipped with a system of boxes with a master key which will render greater safety to the mails and greater convenience to the patrons.

Carrier routes and motor vehicle routes in many cities have been thoroughly reorganized and reconstructed so as to give better service at less expense.

Postmasters everywhere have been instructed to treat their offices as far as possible as information bureaus for the accommodation of the traveling public.

Public telephones have been installed in all of the larger post offices.

Insured parcel post which is lost or destroyed is paid for more promptly than formerly because of a decentralization policy by which it is settled in the field instead of from Washington.

More stringent restrictions now surround the sending of obscene and scurrilous matter through the mails.

The work of the Dead Letter office has been facilitated by the establishment of sub-offices and such articles as are possible to identify or deliver are sold more promptly and to better advantage.

Safeguarding the Mails The Government is installing armed mail cars and armored motor trucks, surrounding the transportation of mail with greater safeguards than formerly.

The advertising public and, in fact, anyone is now permitted to send mail to patrons or rural routes by merely addressing to the number of boxes on the route instead of to the name of each patron.

Postmasters are now directed to assist newspaper publishers and others in correcting their mailing lists.

A policy of specialization has been adopted in the management of the 526 inspectors. The lines of specializing pursued by certain groups of inspectors are as follows: Those skilled and experienced in the detection of crime, those skilled in accounting and bookkeeping, those skilled and experienced in instructing postmasters and others as to their duties, those skilled in real estate, having charge of the leasing of buildings, for post office purposes, and those skilled and experienced in the problems of the service.

Again, special men have been assigned to special lines of work in large post offices, such as the appointment of a special man to pursue the matter of securing adequate postage, which has resulted largely in increasing the receipts, a special man to look after the matter of careful handling of mail matter, a special man to look after permanent mail, and other lines of specializing.

The Railway Mail Service has been reorganized so as to bring (Continued on Page 4.)

WOMAN'S CLUB MEETS WITH MRS. CALLOWAY

Members of Club Gather for Delightful Session—Other News Notes.

Chapin, Sept. 23.—Mrs. Annie B. Calloway was hostess to the Chapin Woman's Club Tuesday afternoon at her country home near Bethel. Beautiful autumn foliage was effectively used for decorations in the living rooms.

The roll call to be answered with current events was an interesting discussion. Several items of business were disposed of at the business session. At this time the committees were named for the annual open meeting to be held October 28th at the home of Mrs. J. F. Burnham.

The following are the committees: Entertainment—Miss Amy Onken, Mrs. Fred Schultes, Mrs. Alden Allen.

Refreshment—Mrs. E. F. Joy, Mrs. Grover Smith and Mrs. Gustav Onken.

"Our National Officers and their Duties," was ably handled by Mrs. E. F. Antrobus followed by discussion. Mrs. E. H. Nienhuuser read a paper on "The Political Situation," and also Character Sketches, of John W. Davis and Robert M. LaFollette. Mrs. J. Z. Fox played several piano selections. During the social hour delicious refreshments were served by the hostess. Guests were: Mrs. Frank Calloway and Miss Nelly Calloway.

Mrs. Minnie Coultas of Markham spent Tuesday with her sister Mrs. J. M. Fox.

C. A. Osborne of Jacksonville was a visitor here Tuesday.

Miss Beatrice Teague of the Woman's College faculty was a guest of Miss Amy Onken Tuesday evening.

The Woman's Club will hold a bakery and market Saturday September 27 at the Onken Brothers store beginning at eight o'clock in the morning. Club members are urged to have their articles for sale in early as possible. The sale will be in charge of Mrs. Phoebe Scott, Mrs. Gustav Onken and Mrs. C. F. Duckett.

Mrs. F. P. McKinney arrived home Tuesday morning from an extended trip west, visiting relatives at Abilene, Kansas, then proceeding to Denver, Colo., where she spent nearly a month returning she stopped at Kansas City before returning home. Mrs. McKinney was accompanied on her trip by her sister, Mrs. Irene Smith of Waverly. Mrs. Smith returned to her home Tuesday.

Communications

In this column the Journal will give space to communications from readers on subjects of general interest. Names of writers must accompany manuscripts even if the names are not printed.

September 23, 1924.

Dear Journal: In view of your editorial intimating that my communication was based on hearsay and commanding Governor Small for a good business administration, permit me to submit for your inspection the accompanying properly certified copy of the bill, supporting affidavit and the judicial order directing the issuance of an injunction restraining the auditor from issuing warrants and the state treasurer from paying the same to the amount of \$44,214.10 in payment for printing, which was in fact done for Governor Small's personal electioneering.

This certified copy would necessarily be admitted in evidence in any court in the state in any case in which the original documents would be proper evidence in support of the issues therein. It is not hearsay.

The governor has a salary of \$12,000.00 per annum. In addition the legislature of 1923 appropriated \$94,800.00 for his office expenses and \$33,000.00 (besides \$6,000.00 for repairs) for the operation of the executive mansion for two years. Or, including salary, \$65,400.00 per annum.

It does not seem to me to be an evidence of good business when a governor is provided for, to the extent of \$65,400.00 per annum, for him to use funds appropriated for other purposes to the extent of \$44,214.10 to pay a printer's bill incurred for his personal electioneering.

May I ask you to give this note publicity and hand me the certified copy mentioned when you shall have inspected it.

Julian P. Lippincott.

As indicated above, Mr. Lippincott submitted to the Journal for inspection a certified copy and etc., relating to the issuance of an injunction restraining the auditor from issuing warrants to the amount of \$44,214.10 in payment for printing certain documents relating to pardons and paroles, the petitioner claiming that the document was really printed in refutation of charges made against Governor Small.

When the injunction suit was filed the matter was given full publicity. There is no record of any hearing having been held with reference to the question of making the injunction permanent.

How System Saves

One marked advantage in having this company act as executor of your will and trustee of your estate is its businesslike systematic methods developed over a period of more than 50 years.

There is a time and place for every step to be taken. Nothing is omitted. There are no unnecessary delays. Investments are periodically reviewed and carefully watched. Accounting is exact.

Contrast this effective, dependable system with the work of the average individual executor trustee without facilities to do a businesslike job.

UNION (UNITY) CHURCH
(BY ENSLEY MOORE)
Member Illinois Historical Society

In the early days churches had to be organized in all sorts of places, in the woods, in log cabins, in almost any kind of a building.

Union Church was no exception so the mill house was what now days we would call a mill, run by water power.

"It was organized October 2, 1831, at the mill house of William C. Stevenson, on the Maudslayi, by Rev. S. William J. Fraser, J. M. Ellis, and Elder James Kerr, with these members: Mary Tilson, Charlotte Hill, Eliza Cole, John M. Hill, W. C. Stevenson, Sr., Robert Smith, Edward Craig, James Craig, W. C. Stevenson, Jr., Barnabas Barrows, Mary A. Craig, Anna Craig, John Stevenson, Hugh G. Craig, William H. Craig, Francis F. Thornton, Ann Thornton, Catherine P. Fitchew, Rice McFadden, Sarah Tilson, Robert Gilliland, Nancy Gilliland, Ray Black, Sarah A. Todd, Elizabeth Robertson, Charles Robertson, Samuel Q. Reaugh, Phoebe Reaugh.

Elders: James Craig, John M. Hill, W. C. Stevenson, Sr., and Robert Smith. Since appointed: David Craig, Samuel Q. Reaugh, Harvey McClung, Charles Reaugh, David A. Rannels, Daniel McAfee, Edward Craig, John A. Reaugh, James W. Craig, Robert Brown, Josiah A. Barrows, Robert Cunningham, William G. Russell, William P. Craig, and William D. McCormick.

Ministers: William J. Fraser, John Brich, Joseph J. Gray, David D. McKee, Thomas A. Spelman, Thomas M. Newell, 1853; John D. Shane, 1857; Noah Bishop, 1862-67; Thomas D. Davis.

Dr. Robert W. Allen served ten years or more. He resided in Jacksonville, and was there pastor of the Old School Presbyterian Church for about ten years previously.

"This church used tokens for admission to the Lord's table. December 3, 1838, it decided to go with the Old School Assembly, and to place itself under the care of the Sangamon Presbytery. The present house of worship of Union—now Unity—Church is on S. W. Quarter of Sec. 24, T. 14, N. R. 10 W., at the southeast corner of the quarter section. The first house of worship was of logs, a mile south of the present building. The second house was a frame structure about a mile and a half southwest of the first house. The present is a very neat frame

building, on a pleasant site, heated by a furnace, and was dedicated January 1, 1877."

This was moved to the town of Woodson about 1892, and this has been its permanent resting place.

The above narration was published in "History of the Presbyterian Church in the State of Illinois" written by the Rev. A. T. Norton, D. D. long of Alton, Illinois, 1877.

Mr. Norton published the Presbyterian Reporter many years in Alton and Chicago, and passed to his reward.

Rev. W. L. Tarbett, D. D., a native of Tennessee long connected with the churches in Illinois, also served this one as did other good men down to this time. Among them was the Rev. S. A. Glasgow whose tragic fate was well known to the people of Woodson.

Mr. Glasgow was drowned in a pond near Woodson in an attempt to save one of his sons who had fallen into the water.

The father lost his life but the boy was saved by Sinclair Russell, whose attention had been attracted to the situation and ran quite a distance and plunged into the pool of cold water at the risk of his own life and saved the boy.

Sinclair Russell was the son of Andrew Russell one of the well known Russell family latterly, but whose father, Dr. Andrew Russell was one of the earliest settlers of the Woodson neighborhood, and made his home last in Jacksonville, on what is now Mound Avenue.

Dr. Russell as his name suggests was a native of Scotland, a man of general and professional education, and it need not be said, a Presbyterian. His sons and grandchildren of the Presbyterian Church to this day.

One of them, James G. Russell whose mother was a daughter of the Rev. William G. Gallaher, long years pastor of Pisgah Church nearby in Morgan County is now and has been for some years a Presbyterian minister in the State of Nebraska.

Rev. James G. Russell married a Miss Filson, whose family were well known in the Woodson neighborhood.

Unity Church has maintained its strength and usefulness to this present day and bids fair to continue a blessing in the locality in which it is situated.

ILLINOIS APPLE CROP
IS SHORT THIS YEAR

URBANA, Ill.—Illinois' 1924 apple crop is now estimated at less than half of what it was last year, but the quality of it is exceptionally good, according to W. S. Brock, orchard extension specialist of the College of Agriculture, University of Illinois. The total commercial production for the state is now estimated at 600,000 barrels as compared to 1,300,000 barrels last year, he said.

Illinois growers who are fortunate enough to have a good crop have prospects of getting good prices, inasmuch as the apple crop throughout the United States this year is about five million barrels short of what it was last year, he added. The total production for the United States as a whole is estimated at only 29,000,000 barrels compared with 34,000,000 barrels last year, with the result that prices on advance sales are ranging considerably higher than they did in 1923, he said.

The shortage is due to a combination of factors, including the exceptionally large crop last year, he explained.

Calhoun county, which produced 500,000 barrels of apples in 1923, failed to repeat this year and at the present time the crop for that county is estimated at less than 150,000 barrels, Mr. Brock said. On the other hand the Ozark section promises a much better crop of Winesap than last year. Winesap is the standard late variety for that section. The size will be extra good, according to Mr. Brock, who pointed out that Winesaps often are harvested before they are as large as they will be this year.

The most promising varieties for the state as a whole are Grimes, Ben Davis, Willow Twig and Winesap. Jonathans, which constitute a large part of the acreage in the state, will make the lightest crop in years.

Decrease in Children in Need Of Dental Work Remarkable

NEW YORK, (AP)—Because of its deep interest in the subject, the best method to care for the teeth of school children is being sought by the New York Association for Improving the Condition of the Poor. The association began with 3,000 youngsters in the public schools four years ago. At this time 90 percent of the children examined needed dental work. Today this percentage is only 49.

The number of cases requiring extraction has been reduced 63 percent, and the need for fillings has gone down 77 percent. During the first year 14 children out of every hundred got diplomas for clean mouths; during the last year the diplomas ran 59 to the hundred.

"Communities are only beginning to awaken to their responsibility of providing a complete preventive dental program for school children," Bailey B. Barrett, general director of the association, said today in making public the report on the four years of study. The responsibility for organizing and interpreting this service in oral hygiene has fallen on John C. Gebhart, director of the A. I. C. P.'s department of social welfare, who has prepared an appraisal of four years' experience with the demonstration.

"The increase in those needing no corrective dental work and in those awarded diplomas for having kept their mouth clean has been steady. There has also been a marked reduction (from 85.4 percent to 46.4 percent) in children requiring fillings, for the most part in first permanent molars. While the proportion needing fillings is slightly greater than last year, the proportion needing extractions has been reduced from 40.3 percent to 32 percent. This is again a most encouraging sign, for it means that more children have savable teeth than last year, and for such, fillings rather than extractions are indicated. There is also direct evidence that the fillings required are of a far less extensive nature than when that work first began, for in 1920, 60 percent of the fillings were urgent, while in 1923 only 37 percent were urgent.

"Principals and teachers also operated in the sale of tooth brushes to the children at the nominal price of seven cents. As a result of these efforts practically all of the children now purchase tooth brushes in school."

SPRAGUE SAYS PLAIN HARD WORK IS NEEDED

BLOOMINGTON, Ill., Sept. 23. Honest judgment and plain hard work are the two great things needed now in Washington, Col.

Colonel A. A. Sprague, Democratic candidate for United States senator declared in an address before members of the Independent Service Men's organization here tonight. Colonel Sprague said in part:

"As I listened to the presidential candidate, John W. Davis, the other evening in Chicago, when he referred to the fact that it was claimed that we had too many issues and he said that he would be very glad to reduce them all to one issue of plain common honesty in government, I agreed with him thoroughly.

"My appearance in public life has shown me that the application of a fair amount of honest intelligence and hard work will solve most of the difficult problems which confront us. They cannot be solved by oratory nor by reports nor by promises. Progress is made only thru effort in the right direction. It some times takes a little time to decide what that direction should be and the definite manner in which it should be undertaken, but most projects fail, not for the lack of this, but because there is a failure to put behind them, honest judgment, and plain, hard work."

LAFOLLETTE'S PLANS ARE STILL UNCERTAIN

WASHINGTON, Sept. 23.—Laying plans for a month of intensive campaigning just before the November election, Senator Robert M. LaFollette, Independent presidential candidate today discussed his speech making itinerary for October with David K. Niles, acting head of the speaker's bureau in his campaign organization. Mr. Niles who will have charge of arrangements came from Chicago where he has headquarters for the conference. A tentative schedule which would carry Mr. LaFollette into a score of eastern, middle-western and western states was gone over, but no decision was reached as to where and when the candidate's next speech would be delivered, or what route he would follow.

It was indicated that an announcement as to itinerary might not be made before next week and that the senator might not begin stumping until week after next, giving him four weeks in which to make a personal appeal to voters for support.

During the day, John F. Carew, a Democratic member of the house of representatives and generally recognized as a leader of the "Tammany" delegation in congress called on Robert M. LaFollette, Jr., who is in charge of his father's campaign headquarters here.

Later Mr. LaFollette said the conference was "without political significance."

FACTS ARE GIVEN ABOUT POST OFFICE

(Continued From Page 2)
about a more accurate assignment of the men of this service to the trains carrying mail. Certain trains have had men added to their crews, and other crews have been reduced so as to bring about a general balancing up of the service, with the net result that there is now less mail unworked in the railway mail cars than ever in the history of the Railway Mail Service.

Formerly, stamp collectors, of whom there are a large number, were constantly writing postmaster everywhere to obtain perfect specimens of stamps. To meet this demand to economize time a Philatelic Agency was established at Washington. This Agency carries nothing but perfect specimens. It has sold over \$250,000 worth of such stamps and as these will never be used as postage, the money is regarded as profit.

A saving of \$2,700,000 for the next four year period has recently been effected in securing a new four-year contract for the printing of stamped envelopes. This contract calls for the printing of about 10,000,000 stamped envelopes every working day of the year.

Under a new law and regulation, Holy Scripture manuscripts for the blind may be sent free if given to the blind, and if sold to them at cost, it is transported at the low rate of 1c per pound, instead of parcel post rate.

Of inestimable value to the public is the work done by the Post Office Department to prevent the fraudulent use of the mails. Its legal weapon is to issue a fraud order against parties found guilty by the Postmaster General. A fraud order means that the person or corporation against whom it is issued can receive no mail. In other words, all mail addressed to it is returned to the sender or to the Dead Letter Office. The sum saved to the American people during the last three years through the exercise of this power probably runs into the billions. There is no way of determining the exact amount.

Many Fraud Orders
Since March 4, 1921, there have been issued 851 fraud orders against as many companies or individuals. The Solicitor for the Post Office Department, with a corps of skilled lawyers and inspectors, is constantly engaged in this work. Growing out of this activity, there have been 2246 arrests, and under the criminal fraud statute 2870 indictments, and 891 convictions; under the conspiracy statute there have been 253 arrests, 346 indictments, and 78 convictions.

Under the fraud orders issued, it may be timely to note that 234 of the 851 were issued against syndicates or persons engaged in oil stock frauds. It is also to be noted that no such orders were issued during the preceding administration.

In order to properly handle the enormous bulk of parcel post mail which centers in the large cities, the Department has been obliged to have constructed for it to be leased, large parcel post stations, most of which contain conveyor belts, elevators, etc., for the rapid handling of this class of mail. The largest of these is in Chicago, being a building 780 feet long, 80 feet wide, and five stories high. The next largest is at Los Angeles, California. Other large new parcel post stations are Roxbury Station, Boston; Varick Street Station, New York; Commercial Station, St. Paul; Gateway Station, Kansas City; Station B, Atlanta; Illinois Street Station, Indianapolis; Main Street Station, Louisville; Station at Minneapolis; Third Street Station, Cincinnati; North Philadelphia Station, now under construction; a large station at Detroit is now under construction; and a large station at Seattle under construction.

Women Presidential Postmasters have been appointed by this Administration to the number of 2573, there being more women postmasters in the country today than ever before.

Ex-service men, Presidential Postmasters, have been appointed by this administration to the number of 2102.

The present salary status of the city letter carriers is that 32,940 are receiving \$1800 per year; 4357 receive \$1700 per year; 3101 receive \$1600 per year; 2419 receive \$1500 per year, and 1866 receive \$1400 per year.

Among the clerks 28,592 receive \$1800 per year; 6881 receive \$1700 per year; 4852 receive \$1600 per year; 4739 receive \$1500 per year, and 5326 receive \$1400 per year.

There are 44,631 rural carriers. They are paid on the basis of mileage and frequency of service, the standard route being 24 miles long, six days a week service, with a salary of \$1800 per year. The routes vary in length down to the route of four miles and less than six miles, six days a week, carrying a salary of \$720 per year. Each rural carrier assigned to a horse-drawn vehicle route on which daily service is performed receives \$30 per mile per year for each mile in excess of 24 or fraction; and each carrier on a horse-drawn vehicle route of tri-weekly service receives \$15 per mile for each mile in excess of 24 miles. A rural carrier who furnishes and maintains his own motor vehicle and serves a route not less than 50 miles in length is allowed a salary of not exceeding \$2600 a year. Additional compensation not to exceed \$12 a year for each mile is allowed rural carriers.

GERMANY APPLIES FOR LEAGUE MEMBERSHIP

GENEVA, Sept. 23. (AP)—Germany held the center of the stage in Geneva tonight. The members of the council of the league of nations and scores of other distinguished delegates discussed the big news from Berlin that the German cabinet had unanimously voted to apply for membership.

The string, which it was said, Germany would attach to her application, did not seem to worry overmuch the members of the council.

The prevailing view was that the explanatory note issued by Berlin, was chiefly intended for home consumption.

The news reached the league secretariat at rather a sensational moment, for a council in secret session was discussing how best to conduct the league investigation of the armaments situation in Germany, which is one of the rights vested in the council by the treaty of Versailles.

INN KEEPER AND NEGRO FOUND DEAD

MADISON, Ill., Sept. 23. (AP)—The bodies of an unidentified negro and of Harry G. Bricker, 50, proprietor of a resort at Eagle's Park near this city, were found in the bar room of the resort late this evening, both having been shot to death. Police who investigated the shooting expressed the belief that the negro attempted to hold up Bricker and that the two men killed each other in an exchange of shots.

The bodies were found by neighbors who were attracted by the fusillade of shots. Apparently nobody but the two dead men had been in the bar and there the police were unable to get a definite explanation of what happened. The negro was shot thru the head and the bar owner twice in the chest. The negro's body was found in front of the bar, while Bricker lay in back of it.

time, she said, she had received a note of encouragement from the minister who called regularly at her home while her husband lay there dying, a victim of their plot.

During the time Mrs. Sweetin was telling the state's attorney of her part in the poison plot, the clergyman sat in the court room of the jail building recounting details of his life, beginning from his boyhood days. His body quivered as he leaned his head on his knees and sobbed loudly.

"What has God intended in letting this come to me? I love her, I can't help it, although I struggled hard. But what have I done? I lose her in trying to win her. I lose her and my children to whose training my whole life had been devoted until she came. Now they are alone."

It is considered probable that the two will be kept in their new places of confinement until the trial is called, October 13. Both have waived a preliminary hearing and their cases have been turned over to the grand jury.

State's Attorney Thompson today took exceptions to the report that he would not ask the death

penalty in these cases. The punishment, he said, is a matter within the jurisdiction of the court, not of the state's attorney.

He added that he had not made any such statement as he had been too busy linking together the evidence to give the question of punishment any consideration.

Developments have been found in the investigation of the death of a Centerville, Ill., high school girl whose picture had been found in the minister's home and who was reported to have died of ptomaine poisoning three years ago, the same cause given originally by the coroner after investigating the deaths of Wilford Sweetin, husband of the prisoner, and of the minister's wife.

Chicago—Fred Curry, thirty-two, negro, was today ordered held for the grand jury on a manslaughter charge by a coroner's jury which held an inquest over the body of Anthony Lascola, thirteen. Curry yesterday stabbed and killed the Lascola boy during a quarrel.

Dr. J. R. Harker, of the Illinois Woman's college left yesterday for St. Louis, where he will transact business, going from there to Carbondale, Ill., to attend the Southern Illinois conference.

Menus for a Family

Tested by SISTER MARY
Breakfast—Stewed prunes, rolled oats, thin cream, broiled salt mackerel, whole wheat toast, orange marmalade, milk, coffee.
Luncheon—Creamed kohlrabi, brown bread and butter, rice peach dumplings, cocoa, tea.
Dinner—Leg of lamb, mint jelly, twice baked potatoes, pear salad, floating island, nut cookies, milk, coffee.

The youngest member of the family should not be given the fish for his breakfast. Many four-year-old children need a midmorning lunch. A glass of orange juice and one or two pieces of crisp toast is ideal for this meal. If you are not able to get oranges, four tablespoons strained, slightly sweetened tomato juice is quite as beneficial.

Creamed Kohlrabi
Two cups diced kohlrabi, 3 tablespoons butter, 1½ tablespoons flour, 1 cup milk, 1 egg yolk, 1-2 teaspoon salt, few grains pepper. Pare kohlrabi and cut in half-inch dice. Cook in boiling salted water until tender. Drain and add 1 tablespoon butter. Shake over the fire until well coated with butter. Melt remaining butter, stir in flour and cook and stir until smooth. Add milk slowly, stir-

ring constantly. Season with salt and pepper and bring to the boiling point. Add yolk of egg slightly beaten and remove from fire. Pour over kohlrabi and serve.

Rice Peach Dumplings
One-half cup rice, 2 cups boiling water, 1 cup milk, 1-2 teaspoon salt, 4 large peaches, 4 tablespoons sugar, butter, 4 preserved cherries.

Wash rice and drop in boiling water to which salt has been added. Cook until water is absorbed. Add milk and cook over hot water until kernels are soft. Pare peaches and remove stones. Put a cherry in the cavity left from the stone. Cut four squares of cheesecloth and dip in boiling water. Spread with rice, making the layer about three-fourths of an inch thick.

Put a peach in the center of each square, sprinkle with sugar and dot with butter. Pull corners of cloth together and tie. Steam from 30 to 40 minutes. Remove from cloth and serve with sugar and cream.

Picnic Honors Eastern Guests
Mr. and Mrs. J. W. Brown, and Edward Budajako, of Washington, D. C., who are visiting at the home of Mrs. S. E. Bergschneider, were entertained with a picnic luncheon at Nichols park last night, when Mrs. Bergschneider entertained guests in their honor.

Among those present were several out-of-town guests, including Miss Grace Hines, of Decatur, Ill., and Miss Lucy Coultas, of Washington, D. C.

Birthday Party for Miss Charlyne Cox
Mrs. Harriet A. Cox of 503 Hardin avenue, entertained with a delightful children's party recently, in honor of the eighth birthday of her little daughter, Charlyne Faye.

The Cox home was attractively decorated with flowers, and the hours, from 5 to 8 o'clock, were interestingly planned to include games and music, and at 6 o'clock a delicious dinner was served.

Mrs. Cox was assisted by her daughters, Mrs. Charles Magill, and Miss Ruth Cox. A number of very lovely gifts were presented the guest of honor.

Among those present were Misses Louise Drake, Helen M. Fanning, and Charlie Drake, Gaylord Cox and Byron Mason.

Hostesses to Aid of Centenary Church
A delightful afternoon meeting of the Ladies Aid society of the Centenary church is planned for today, when Mrs. J. E. Stice, of 202 North Prairie street, will entertain the members at her home. The afternoon will be spent socially, and will conclude with the serving of refreshments.

Mrs. Stice will be assisted by Mrs. George Moore, Mrs. C. S. Smith, Mrs. Lucretia Brown, Mrs. Louis Kelly, Mrs. W. I. Crabtree and Miss Ollie Hodgson.

Pleasant Party for Congregational Aid
Members of the Ladies Aid of the Congregational church were pleasantly entertained for a social meeting yesterday afternoon when Mrs. T. P. Carter, Mrs. Will Carter and Mrs. Walter Carter were hostesses to the society in the church parlors.

The afternoon's entertainment was informal and concluded with the serving of refreshments.

To Entertain History Class
An interesting meeting of the History class is announced for this afternoon, when Mrs. H. H. Bancroft will entertain the class members at her home at 134 Westminster street.

Mrs. Ellen Merrill is program leader for the afternoon, presenting the subject, "The Origin of the Books of the Law and Prophets." Mrs. Merrill will be assisted by the program by Mrs. J. W. Hubble, Miss Grace Carter and Mrs. Harrison King.

Will Entertain 500 Club
Members of the Thursday 500 club will be entertained at a club meeting, held at the K. of C. hall on Thursday evening. Misses Frances and Mary Gorman will be hostesses for the occasion. Prizes will be awarded during the evening, and light refreshments served.

Party at Scott Home Honors Freshmen
A delightfully unique program featured the annual party of the Freshman class of Illinois college which was given last night by Dean and Mrs. G. H. Scott, at their home on Grove street.

The affair, given as a welcome, and means of promoting a closer acquaintance between the members of the Freshman class, was interestingly arranged by the hosts to include entertainment

DISCUSS ORGANIZATION
OF JUNIOR HI-Y CLUB

Organization Plans for Club Met with Approval of Boys as Secretary Tweet Speaks to Them.

Arthur Tweet, secretary of the local Y. M. C. A. addressed the boys of the Junior High school yesterday afternoon at 1:15 o'clock. Mr. Tweet very interestingly spoke to the boys on "Four Square Boys in Our High School." Many questions were asked of the secretary after his talk, which indicated the intense interest they had taken in what he said.

A vote was taken on the question of organizing a Junior Hi-Y club at the close of the session and the boys were unanimously in favor of the project. Because of the difference of the ages of the boys it was decided that the club should be made up of two groups, one for the larger and one for the smaller boys. No attempt at organization will be made, however, until after Mr. Tweet returns from the state convention of the Y. M. C. A. which will be held in Peoria on October 9th and 10th.

In his talk to the boys Mr. Tweet urged that they make the most of high school while they were privileged to attend. He stated that a great deal of the things learned in the classroom is forgotten, but it is during this time that the general character of the future man is formed. He stressed the value of the development of the four sides of life, namely: mental, social, spiritual and physical.

He urged that the boys become members of some Scout troop in the city relating the many advantages that are available in this organization and also suggested that a Junior Hi-Y club be organized which met the unanimous approval of those present.

BEGIN CAMPAIGN
FOR MASONIC HOME

Enthusiastic Gathering Last Night of Members of The Order—Generous Start Made Toward Fund Needed.

Members of the Masonic lodges of Jacksonville, including the Eastern Star, attended a dinner given last night at Grace M. E. church, to mark the opening of a campaign for funds to build the proposed Masonic Temple.

A year or more since the lodges acquired the property on West College avenue east of Central Christian church, known as the Norman Broadwell homestead, and the Temple is to be erected on this site when funds are available.

A committee representing the lodges has for some months past had the plans for the building under consideration and these plans were adopted by the several bodies. The subscriptions made last night were substantial and the various teams of workers will today begin interviewing members of the order for their pledges toward the building. It is proposed to spread the payment of subscriptions over a two or three year period.

Following the serving of the dinner Mayor E. E. Crabtree presided and an informal program was carried out with enthusiastic short addresses from members. Additional interest was given the event by the three solos by Mrs. W. Barr Brown, who was heard with very great pleasure by the audience.

There was spirited mass singing led by Harlan A. Williamson and the Elite Six orchestra also made a contribution to the musical program.

FILE BILL TO QUIET TITLE

A bill to quiet title was filed yesterday in the office of Circuit Clerk F. E. Wamamaker by O. H. Fischer, et al., thru Bellatti, Bellatti, and Moriarty, their attorneys and against Josiah Lamborn, et al. The property involved consists of lots 1, 2 and 3 in block 15 in the City Addition to Jacksonville, \$1.

WILL MEET FRIDAY
The South Side Circle will meet with Mrs. Alexander Platt, 907 Rount street, Friday afternoon at 2:30 o'clock. Mrs. Ollie Parker will have charge of the program.

New Arrivals, women's satin faced canton dresses, on sale \$10. The Emporium.

CALL FOR ARTICLES
TO USE IN EXHIBIT

Want County Products, Things Made in Morgan, and Historic Relics For Exposition Booth in Chicago.

Exhibits that will be typical of Jacksonville and Morgan county are wanted for the booths which the local interests will occupy at the Illinois Products Exposition in Chicago next month. The Chamber of Commerce secretary is calling for a number of things which he expects to use in arranging the booth. Large apples, potatoes, large ears of corn, etc., are among the products of the soil which can be used in the exhibit. It is hoped too, that a few historical relics of the city and county can be secured. Those having such articles need not fear to lend them for this purpose, as they will be given the best of care and returned safely to their owners.

The secretary especially desires to secure samples of articles made in Jacksonville and Morgan county. Many things are manufactured here in a small way, and receive little notice, but they are important in the lives of hundreds of people. It is believed that a few articles made at the three state institutions here would also from an interesting exhibit.

Another call comes for beautiful views of the city and county. The request for such pictures comes from Mrs. Mary Alshire, secretary of the Art Extension Commission for Illinois. The main reason for using these views will be seen from the following extract from a letter written by Mrs. Alshire to the Chamber of Commerce:

"An outstanding feature of the Art Exhibit of the Illinois Products Exposition will be a panorama of Illinois scenery. The entire wall space of the first floor of the great Exposition Palace will be given over for this purpose, during the Illinois Products Exposition, October 9 to 18th inclusive. Views of the 100 Beauty Spots to be marked by the Art Extension Committee of the University of Illinois will form the basis of the Exhibit. There are hundreds of other lovely scenes in Illinois which ought to be shown. As a State, we have heretofore disregarded both the beauty and variety of our native scenery and the Illinois Chamber of Commerce is now offering this opportunity for a display that will give our citizenry a comprehensive idea of the topography of the State."

ALEXANDER RESIDENT
IS CALLED BY DEATH

John W. Morgan for many years a resident of Alexander, died at 10 o'clock last night at Passavant hospital, following a brief illness. Deceased was taken ill Sunday and was brought to the hospital yesterday morning. General peritonitis was the cause of death.

Mr. Morgan came to Alexander from Mount Vernon about twenty years ago. He followed the occupation of a teamster. About thirteen years ago he was married to Miss Maude Moats of Alexander, who survives him, together with four children: Catherine, Elizabeth, Wesley and Anna Morgan all at home. He also leaves his mother at Mount Vernon, two sisters and several brothers.

Death came unexpectedly and was a great shock to the family and many friends of the deceased. Funeral arrangements will be announced later.

BUSINESS MEN WILL
HEAR DAVIS TONIGHT

Sam Davis, field secretary of the National Retail Shoe Dealer's Association, will address a meeting of business men and clerks at the Chamber of Commerce at 7:45 o'clock this evening. The meeting will be held on the third floor, and seating arrangements will be made for 300 persons. All business men and their clerks are urged to hear Mr. Davis who is considered one of the best speakers on a retail salesmanship and office and store management.

Local shoe dealers who have heard Mr. Davis are unanimous in his praise. T. V. Hopper says, "Every business man should hear him." W. L. Shibe says, "He is absolutely one of the greatest speakers I have ever heard." Leo O'Brien says, "He can put more pep into business men than any speaker I ever listened to."

FOWL ENTANGLED IN
WIRES CAUSE TROUBLE

A wild duck caught in the strands of lines of the C. and A. telegraph wires Monday night, caused a line trouble to develop that puzzled the operators all along the Alton, who believed that the wires must be crossed or grounded. Early Tuesday morning, Lineman McVey of Roodhouse started out to locate the trouble, finding the wild fowl quacking loudly and flapping its wings in an effort to free itself from the strands of telegraph wires in which it was held prisoner.

McVey, who is an enthusiastic hunter, plans to keep the fowl to use as a decoy for wild duck hunting this winter.

GEORGE W. SARGENT
ANSWERS FINAL CALL

Well Known Resident of City Passes Away Last Night After Extended Illness—Funeral Will be Held Tomorrow.

George W. Sargent well known resident of Jacksonville, passed away last night at 8:15 o'clock at the family residence, 412 South East street after an extended illness. For five years past he has been in failing health and the last two years has been practically an invalid. About a week ago he was fatally stricken and his passing has been hourly expected. He was a sufferer for so many years he was a most patient one.

Mr. Sargent was born in Hardin, Calhoun county, Illinois, the second son of Rev. John C. and Belinda Sargent. On August 11, 1886, he was united in marriage to Miss Dora Horn. Three children were born to this union who with the wife survive: Clyde Dresser, Slater, Mo.; Hugh Watson, Meredosia; Mrs. Gladys Newton, Jacksonville. He also leaves six grandchildren and one brother, William T. of this city. His elder brother, John A., preceded him in death only a few months ago.

At the age of seventeen, the deceased began the study of telegraphy. His first position was held at Winchester and since that time he has held numerous other responsible positions. He was for a number of years identified with Edmund Dresser, Superintendent of the Wabash Railroad at Springfield and was also agent at Markham for a time. Later he moved to Chapin and was then transferred to Springfield as freight agent.

After thirty two years of faithful service rendered to the railroad, Mr. Sargent retired from active life in a business way and since that time has made Jacksonville his home.

At an early age he became affiliated with the Methodist church and for a number of years has been a devoted member of Centenary church of this city. He was also a member of the Modern Woodman of America.

Funeral services will be held at the Gillham Funeral Home Thursday afternoon at 2:30 o'clock. Friends wishing to view the remains may do so at the residence, 413 South East street.

WOODSON CLUB HELD
MEETING YESTERDAY

Woodson, Sept. 23.—The regular meeting of the Woodson Woman's club was held this afternoon at the home of Mrs. Ed. Craig in the Asbury neighborhood. There was a good attendance. At the close of a brief business meeting, the following program was rendered:

Piano selection, "Silver Star"—Miss Aileen Watson. Reading, "In Grandma's Day"—Mrs. Johnson Sheppard. Paper, "Suggestions on Cold Pack Canning"—Mrs. Clyde Owens.

Reading, "What to do with Bills"—Mrs. Jack Steinmetz. Piano selection, "Silver Spray"—Miss Hazel Green.

During the social hour which followed the program, the hostesses, Mrs. Craig, Mrs. George Thies and Mrs. Johnson Sheppard served delicious refreshments. Guests present included Mrs. J. Decker, Mrs. L. A. Watson, Miss Aileen Watson, Mrs. C. L. Hemmigh and Mrs. Ed Reynolds. The Craig profusely was tastefully decorated with fall flowers.

Mr. and Mrs. Lee Davis of Jacksonville and Mrs. Lella Craig of Woodson accompanied the latter's son, George Craig, to Champaign, Monday, where he enrolled as a sophomore in the University of Illinois.

Funeral services for Dallas Crain will be held at 2 o'clock Wednesday afternoon at Woodson Christian church, in charge of Rev. C. H. Drumm.

Mrs. Martin Loneragan and her guests, Mrs. Clara Armitage of Springfield, Mo., spent today visiting relatives in Jacksonville.

FUNERALS

Wiegand
Funeral services in memory of George H. Wiegand were held yesterday afternoon at the Gillham Funeral Home at 2 o'clock, in charge of Rev. J. G. Kuppler, pastor of the Salem Lutheran church. A large number of relatives and friends were present to pay final tribute to his memory. Interment was made in Jacksonville cemetery.

Two solos were very beautifully rendered by Mrs. Robert Stice and the profusion of floral tributes were cared for by Mrs. Hugo Hempel, Mrs. Herman Brune, Mrs. L. H. Redburn and Miss Lydia Hofmann.

The bearers were William Batz, Henry Toenesman, Lee Wiegand, Chris Horner, Hugo Hempel and Harry Dorwart.

SCOUT COUNCIL WILL
PROCURE MORE FUNDS

Money is Needed to Carry On Work Thru Coming Year and 1925—Robinson Named Commissioner—May Have Essay Contest.

Definite plans for the raising of funds to continue the local Scout Council in operation during the remainder of 1924 and thru 1925 were discussed at the regular quarterly meeting of the council held yesterday afternoon. The sum of nearly \$1,950 has already been pledged for the year 1925, so that the amount to be raised is only that which will be required to carry the council thru the remainder of this year and complete the requirements for the next year.

The various civic organizations of city and county interested in the welfare of boys will be asked to co-operate in the drive for funds, which will be launched sometime during the latter part of October. The Council has been running on limited funds and has lived within its budget. Only about \$300 remains to be collected in outstanding pledges, and the available funds are practically exhausted. The need for continuing the scout work is urgent and the results thus far obtained indicate that much can be done by the council to advance scouting and boy welfare in the city and county.

At the meeting yesterday Carl E. Robinson was appointed Scout Commissioner, to succeed Carl O. Gordon, who tendered his resignation in order that he might give his attention to other duties. The council accepted Mr. Robinson's resignation, but considers it fortunate in securing Mr. Robinson to take his place.

The council also elected Dr. Garm Norbury to a position on the executive board, to succeed Homer F. Henley, who has left the city. He will be first vice-president of the council. The report of the scout executive, S. E. Albrecht, showed eleven troops now organized in the city and also some scout activity in other towns of the county. As soon as questionnaires which have been sent to the scouts have been returned, more accurate information and statistics can be given.

It was suggested and approved by the council, that an essay contest be staged among the boys of scout age in the public schools the essays to set forth the scope and meaning of scouting. The winning essay will be published in the local papers. J. H. Hackett, president of the council, offered to give \$10 as a first prize in the contest.

BRANER REUNION AT
PARK LAST SUNDAY

More than eighty members of the Braner family gathered at Nichols park Sunday for the annual reunion. A bounteous dinner was served at noon and the remainder of the time was spent socially. The threatening weather brought the gathering to an end early in the afternoon, so that there was no time for the program which those in charge had arranged.

Among those present at the reunion were: Mrs. Elmyra Wiswell, Mr. and Mrs. Clifford Wiswell and family, Mr. and Mrs. Chester Braner and family, Miss Millie Wiswell, Mrs. Henry Braner, Mrs. Hannah Braner, Mr. and Mrs. Newell Braner and family, Mr. and Mrs. Chris Braner and daughter, Mr. and Mrs. Henry Barber and family, Mrs. George Braner, Mr. and Mrs. Newton Moss and son Clarence, John Bridgeman and daughters Myra and Gertrude, Mr. and Mrs. Oscar Braner, Mr. and Mrs. Elias Braner, Mr. and Mrs. Philip Braner, Miss Mary Waters, Mr. and Mrs. William Jones and son George, Mr. and Mrs. James Jones and daughter, Mrs. Alice Braner and family, Mr. and Mrs. John Ray and son, Mr. and Mrs. Fred Braner and family, Mr. and Mrs. Vortees and son, Mr. and Mrs. Newton Braner and son, Mr. and Mrs. Arch Bridgeman and daughter, Mr. and Mrs. Edward Balsley of Beardstown, Mr. and Mrs. Ed Thorndyke and son, Seth, of Humboldt, Iowa, and Mrs. Edward Laughary.

CIRCUIT PASTOR WILL
TAKE ON NEW POINT

Rev. H. R. Wardell, pastor of the Jacksonville M. E. circuit, has been placed in charge of the church at Riggs. He will thus have four points on his circuit, the others being Hebron, Shiloh and Salem churches. Rev. Wardell preached for the first time at Riggs last Sunday evening, and will hold another meeting there next Sunday night. He has not yet completely arranged his schedule of services for the four churches.

SOME FINE APPLES

Jerome Culp left at the Journal office yesterday samples of some Wolf River apples grown on a tree in his yard. They are of enormous size, some of the apples weighing as much as a pound and a half each. It goes without saying that the branches of the tree are so heavy with fruit that it has been necessary to prop them up.

VISITING RELATIVES HERE

Fred Bray, who has been residing in Medicine Bow, Wyoming for some time has returned to Jacksonville for a visit with relatives. Mr. Bray made the trip by motor and enroute encountered two snow storms.

FOUR DRAW FINES IN
COUNTY COURT

Fines and a Jail Sentence are Imposed Upon Defendants by Judge Samuell.

Four cases in which the defendants were charged with violations of the dry law, were disposed of by Judge H. P. Samuell during a brief session of county court yesterday afternoon.

Edward Large of this city was given the heavier penalty of the quartet which faced Judge Samuell when he was sentenced to jail for 60 days and given a fine of \$100 and costs, work house mittimus to issue. Large is an old offender in the violation of liquor laws and it was because of this that the heavy sentence was given him. He was sentenced by Judge Samuell after having pleaded guilty to a charge of unlawful possession of liquor.

J. T. Faust of this city drew a fine of \$100 and costs for the unlawful transportation of liquor, after having pleaded guilty to the charge yesterday afternoon.

Faust and Edward and Harry Large were arrested Saturday night by members of the sheriff's force when they were found driving about the city in a truck in an intoxicated condition and with a quantity of booze in the car. Harry Large is now in jail laying out a \$300 fine which is the result of a former arrest on a liquor charge with a pro fine to issue.

Bert Sanders and Oliver Clanton of near Glasgow each paid fines of \$150 and costs, Sanders having pleaded guilty to a charge of unlawfully transporting liquor and Clanton of unlawful possession of intoxicating liquor. They were arrested early Sunday morning, in a car west of the city on the main road.

BUILDING AND LOAN
OFFICERS AT MEETING

Dr. A. B. Applebee, president and Dr. J. C. Applebee, secretary of the Jacksonville Building and Loan Association were in attendance last night at a District Group meeting of the Morgan and Sangamon associations held at the Sangamo club at Springfield. A banquet preceded the meeting and practically all the cities in the district were represented.

DEATHS

Henderson

Mrs. William L. Henderson died at 8:15 o'clock yesterday morning at her home a half mile east of Little Indian. Decedent was the daughter of Hiram and Elizabeth Bridgeman Decker, and was born in Pike county Dec. 15, 1854. She came to Morgan county with her family when a small child, and has resided practically all her life in the Little Indian community.

On Sept. 11, 1882, Mary Decker was married to W. L. Henderson, who survives her. She also leaves the following brothers and sisters: Miss Hattie Decker of Little Indian; William Decker of Litchberry; Jess and John Decker and Mrs. Robert Craig, all of Jacksonville, and Mrs. Elizabeth Sinclair of Ashland. Mrs. Henderson was preceded in death by two sisters, Mrs. William Rexroat and Miss Nina Decker.

Decedent was well known and admired by many friends in her home community. Funeral services will be held at 1 o'clock Thursday afternoon from the residence, one-half mile east of Little Indian.

FARM BUREAU NEWS

T. B. Testing in Township 9—Thomas Oxley lined up yesterday ten herds containing 157 head of cattle for County veterinarian T. K. Jones. This is a big days work but it was done. Dr. Jones would like to have some one in each school district enroll the farmers in his district for the test. Fifteen farms and about 125 head of cattle is a goal to set in lining up a community for a day's run. It also helps the work for the herd owners to have the cattle up when the veterinarian comes, and to have some one in the community accompany the veterinarian for the day.

Road Building Far Behind the Automobile

Permanent roads are a good investment—not an expense

Millions now recognize the automobile as a necessity. It is no longer a luxury for the few. Sixty per cent of its use is for business.

Because of this the modern paved highway has become an economic necessity.

Yet although the mileage of Concrete Roads and Streets has been steadily increasing, our highway system today lags far behind the automobile. The great majority of our highways are as out of date as the single-track, narrow gauge railway of fifty years ago.

Such a condition not only seriously handicaps the progress of the automobile as a comfortable, profitable means of transportation, but also holds back commercial, industrial and agricultural advancement in practically every section of the country. It is costing taxpayers millions of dollars annually.

Highway building should be continued and enlarged upon.

Your highway authorities are ready to carry on their share of this great public work. But they must have your support. Tell them you are ready to invest in more and wider Concrete Highways now.

THE GENTLEMAN, whose picture appears in the upper left hand corner of this advertisement, is MR. CONTENTED JACKSONVILLE CITIZEN.

MR. CONTENTED JACKSONVILLE CITIZEN has finished an honest day's work and is proud of it; he has been busy spreading the gospel of good cheer and optimism along the way; he has just partaken of a good supper and, in the half hour or more of relaxation following, is thoroughly and blissfully enjoying a good smoke—a Jacksonville-made cigar, and no little part of his enjoyment is due to the knowledge that HIS CIGAR is now, and always, a JACKSONVILLE-MADE CIGAR.

FELLOW SMOKERS, Mr. Contented Jacksonville Citizen is a pretty good man to imitate. Think it over!

MCGRAW'S ROOKIES HELP BEAT PIRATES

Jimmie O'Connell Hits Homer with Lindstrom on the Paths—Three More Come in When Gowdy Singles with Bases Crowded—Score 5 to 1

NEW YORK, Sept. 23.—Playing like champions in spite of a crippled lineup, the New York Giants vanquished Pittsburgh today 5 to 1, in the first game of the series. A crowd of 30,000 aroused to a world's series pitch of enthusiasm saw the McGrawmen strengthen their hold on the top and at the same time deal a stunning blow to Pirate pennant hopes.

The triumph put the Giants two and one-half games ahead of Pittsburgh, which now cannot go into the lead even if victorious in the remaining games of the series tomorrow and Thursday. As Brooklyn was beaten by Chicago, McGraw increased his margin over the second place Robins to a full game.

Behind the brilliant twirling of Hugh McQuillan the Giants, with their two brightest infield stars, Greb and Frisch, on the sidelines thru injuries, outplayed the Pirates at nearly every turn.

It was a rookie, in fact, who turned the tide in McGraw's favor. Jimmy O'Connell, former Pacific Coast star, smashed out a home run into the upper tier of the right field stands in the fourth inning, scoring Lindstrom, rookie third sacker, who had singled ahead of him. The Giants added three more in the seventh when Hank Gowdy singled with the bases full.

The Pirates outbit the Giants seven to five, but while McGraw's was airtight, New York made all its blows count. Lee Meadows twirled seven innings for the Pirates and allowed only four hits, but two of these figured in each of the Giants' scoring rallies. Sonser, a rookie, twirled the eighth. He was found for a double by Ross Young and walked Kelly, but managed to escape without being scored on.

ROBINS PRACTICALLY DROPPED FROM RACE

Have Only Three Games to Play While Giants Have Five—Pittsburgh Has Chance to Catch the Bunting.

NEW YORK, Sept. 23.—The Giants and Senators took important steps toward the major league pennants today and now loom strong favorites. New York defeated the Pirates 5 to 1, while the Cubs beat Dazzy Vance at Brooklyn, leads the Robins by one game and Pittsburgh by two and one-half games. Washington turned back a White Sox assault in the latter innings to win a 7 to 6 battle, and maintains its two game lead over the Yankees who stopped Cleveland 8 to 2. With five games left for each team to play, the Senators can clinch the pennant by winning four or tie by winning three, even if New York takes all its remaining games.

Brooklyn virtually dropped from the race as it trails the Giants by one game with two less to play. Pittsburgh, by winning its seven remaining games, including the two with New York and five with Chicago, could still top the Giants even though the latter won their final three with the Phillies.

INDIANS UNABLE TO BUNCH THEIR HITS

Wild Throw by Ruth Cause of Both of Cleveland Runs—Babe Goes Hitless—Yanks Win by Score of 8 to 2.

CLEVELAND, O. Sept. 23.—Cleveland could not hit Bob Shawkey when hits were needed and New York won the second game of the series 8 to 2 today. A wild throw by Ruth in the eighth inning paved the way for the Indians' runs the ball going into the Yankee's dugout, allowing Stephenson to score and placing J. Sewell on third whence he scored on an infield out. The Yankees scored their first run in the second inning on an infield hit by Meusel and a double by Ward. A double by Pipp, an infield out and a single by Scott resulted in another run in the fourth. Two bases on balls, an error by Fewster, a single by Meusel and a sacrifice fly by Ward netted the Yankees three runs in the fifth.

Scott's second single, a triple by Bengough and a single by Shawkey gave the champions two runs in the eighth, their final run in the ninth resulting from a base on balls to Meusel, followed by Ward's triple.

After his college work on the hill Stewart entered Bethany College in Pennsylvania, playing football there for two years. Since that time he has had two years experience coaching the Waynesburg, West Virginia high school team.

If Harmon succeeds in obtaining the services of Stewart it will take a heavy load from his shoulders, for with fifty-nine candidates trying for positions, the situation has reached the point where one coach cannot sufficiently watch all parts of the training.

SCHOOL BOY EXHIBITS WONDERFUL GOLF GAME

ARDMORE, Pa., Sept. 23. (A. P.)—The fighting spirit of a 17-year old school boy of Washington, D. C., who did not know when he was licked added to the excitement of the first round of match play in the National Amateur Gold Tournament today.

Seven down after playing 18 holes, eight down with fifteen holes left to play, Roland R. McKenzie, squared his match with George VonElm of Los Angeles, at the home green by doing the afternoon round in 68. Then he lost at an extra hole by taking three putts. Never has a tournament seen a more sensational uphill battle that just failed of victory.

The first round saw the elimination of three former amateur champions, Chick Evans of Chicago, experienced out of the worst defeats of his career when he was downed by another Chicagoan, Rudy Knepper. The score was 9 and 7.

Robert A. Gardner of Chicago, captain of the American Walker cup team and former amateur champion, lost at the home green to W. L. Hope, Scottish member of Great Britain's Walker cup team, now the only Briton surviving in the tournament.

The present champion, Max R. Marsten of Philadelphia eliminated Major Charles O. Hezel of the British Walker cup team, 3 and 1.

Americans were victors in the other two international matches of the day. Bobby Jones of Atlanta defeating W. J. Thompson of Toronto, 6 and 1, and Francis Outimet of Boston, defeating William I. Hunter of Los Angeles, former British amateur champion 2 and 1.

Fred Stewart May Be Aid To Coach Harmon

Illinois College football stock took quite a jump yesterday when the announcement was made that Fred Stewart had been offered the position of assistant coach of the Hilltoppers. Stewart is now considering the offer but on account of another offer received in the last few days wishes to investigate before making a final decision. He has promised to give Coach Harmon a positive answer some time today, and in all probability his answer will be affirmative.

Stewart, who is a former student at Illinois and resident of Jacksonville, is known as an unusually able man in football work and in fact other lines of athletic endeavors. While on the hill from 1912 to 1915, he played quarter and was accounted good in all departments of play and in generalship, his last season being on a conference championship team. In basketball he played a guard, and was a quarter-mile on the track. At the outbreak of war he entered service with the 333rd Machine Gun Battalion, which was a part of the 86th Division.

After his college work on the hill Stewart entered Bethany College in Pennsylvania, playing football there for two years. Since that time he has had two years experience coaching the Waynesburg, West Virginia high school team.

If Harmon succeeds in obtaining the services of Stewart it will take a heavy load from his shoulders, for with fifty-nine candidates trying for positions, the situation has reached the point where one coach cannot sufficiently watch all parts of the training.

Although the university does not open until September 22, Olander has had more than sixty men out in suits—a record number for this early in the year. It is yet too early to have sized them all up and to tell much of their ability but if their high school performances mean anything, they should develop into passable athletes.

Among others who are under Olander's care is Garland Grange, younger brother of Red, who is playing his second year on the Illinois varsity. Garland is said to be as good as his brother, having as good a reputation at Wheaton high school as Red had. It is a back also. It remains to be seen, of course, whether he can equal his brother in fast competition.

Olander has announced that he will follow the policy established by Burt Ingwersen of not cutting anyone from the squad. He will soon choose a first team of the most likely candidates and divide the rest up into teams representing their colleges. As the season progresses and changes are needed from the freshman varsity to one of the others, or vice versa, they will be made. In this way every man will get a chance to show what he can do.

Although the first varsity game with Nebraska, is little more than two weeks away, Olander will wait at least a week before teaching his men any Hasker plays. He will continue to drill them in the fundamentals. More men are expected to be added to the first year squad as soon as work in the university starts and then the real work of the year will begin.

REDS MAKE ALL OF RUNS IN EIGHTH

BOSTON, Sept. 23.—Cincinnati defeated Boston 4 to 1 here today. All of the runs were scored in the eighth inning. An error by O'Neil, doubles by Shorten and Fowler, Fonseca's single and a pass to Walker resulted in the Reds' four runs.

Score: Cincinnati . . . 000 000 040-4 10 2
Boston . . . 000 000 010-1 6 1
Luque and Hargrave; Graham, Benton and O'Neil.

LISTLESS GAME IS LOST BY BROWNS

ST. LOUIS, Sept. 23.—The Browns dropped another listless game to the Philadelphia Athletics today 11 to 9. It was a free hitting contest, thirty one safeties being recorded.

Philadelphia . . . 232 120 001-11 16 2
St. Louis . . . 030 000 204-9 15 2

BALTIMORE LOSES
GAME TO WATERBURY
Waterbury won the opening game of the "Little World's Series" from Baltimore today, 5 to 1. Groves, Jack Dunn's pitching ace, was erratic at times, his free passes to first getting him into trouble while Rush pitched brilliantly for the Eastern League champions. Groves fanned nine batters, but passed five men, three of which later scored.

Gard Rejoins Squad.
Everyone breathed a sigh of relief when Gard returned to join the squad. He is a tackle that always carries the fight to the other fellow and is a senior. Fogleman, the heavyweight guard from last year, may play tackle now. He is a sophomore. Hackett will play his second year at center. He was always a good dependable man. If he recovers suffi-

ciently from the case of blood poisoning which he had last summer he should repeat. Bowman is a half back playing as a junior who won a position at half on the team last year by mastering the fundamentals of the game. He has no equal on the team for blocking and clearing the way for the other fellow. He is at present trying hard to educate his toe. Jack Roberts, playing his last year for Illinois, is a good triple threat man for the position of full. A mid-season injury kept him out last year. He should make up for that this year.

It may take several games to definitely settle the question as to what freshmen will deliver. Other men beside freshmen, who have not made letters, also show promise. The best estimate that can be made at present, based on their high school records and their early showing on the squad is as follows: Ends: Ribendahl, Walker, Hunter, Ivie, Stewart and Kinnear; tackles: Wells, Brant and Frazee; guards: Braewell, Boyles and Kemp; center: Hopper, Eccles and Stone; quarter: McGee, Choate and Osborne; half: Weber, H. Johnson, Crabtree, L. Eccles, Anspaugh, Guellin, B. Smith; full: Baker, S. Johnson and Cusie.

There is no hope on the Lincoln team available. Illinois College has not played the team since 1916.

The J.H.S.-I.S.D. game will be started at two o'clock and the Illinois game at four, so that they will not overlap.

RECORD SQUAD OF FROSH OUT

Urbana, Ill.—Coach Milt Olander, new Illini freshman grid mentor, is happy over the husky bunch of first year men who greeted him during the first week of practice.

Although the university does not open until September 22, Olander has had more than sixty men out in suits—a record number for this early in the year. It is yet too early to have sized them all up and to tell much of their ability but if their high school performances mean anything, they should develop into passable athletes.

HOMERS KEEP VANCE FROM WINNING GAME

Allows Four HRs but Three of Them Are Homers—Hartnett's Blow in Tenth Gives Contest to Cubs 5 to 4

BROOKLYN, Sept. 23.—Dazzy Vance fanned 11 men and held Chicago to four hits today but three of them were home runs and these spelled defeat for Brooklyn by a score of 5 to 4 in 10 innings.

Grantham got two of the circuit swats, both over the right field wall after two men were out. The first came in the opening inning with nobody on the bases. In the second inning, Grantham came up after Vance had walked Adams and Heathcote and repeated his long drive. With the score tied Hartnett opened the tenth with a liner that bounded into the left field bleachers, scoring the winning run. The Dodgers launched two doubles and two singles off Keen in the first inning for three runs, but thereafter they were kept away from the plate by brilliant fielding until the eighth when the score was tied at four all on Johnston's single, Griffith's sacrifice and Stock's hit. It was Chicago's first victory of the season over Vance and his sixth defeat.

CAN RED GRANGE REPEAT IN 1924?

Urbana, Ill.—Is Red Grange, hero of the football world, in 1923 as good this season as he was then?

This is the question that dopesters in and out of the Big Ten Conference are debating. Will Red be able to repeat his sensational runs of last year that helped Bob Zuppke so much in producing a championship team?

The answer seems to be that he will.

"Fit and ready" is the word about Red's condition from the lips of that famous personage himself. "I'm feeling fine," he says. "My summer in Wheaton carrying kee kept me tough. I think we're going to have a better team than last year," Red went on to say.

Red smiled at the suggestion that he might develop into a "triple treat" man this year and be more dangerous than ever. He admitted that he is practicing kicking and passing more this year than before.

NEW YORK, Sept. 23.—Constructive forces were at work in today's stock market with the result that the general list moved to higher ground, the net gains in the active issues ranging from fractions to eight points.

Further accumulation of the public utility issues, six of which attained new peak prices for the year, was again one of the day's features.

Electric Manufacturing company shares have improved in sympathy with the strength of public utilities. General Electric and Allis Chalmers each showing net gains of 2 points.

Bullish demonstrations also were successfully conducted in the food shares. National Biscuit, General Baking, Cushman Sons, Postum Cereal preferred, Austin Nichols preferred and New York Canners all establishing new highest price.

Standard Industrials made good recovery from recent heaviness. United States Steel common closed nearly 2 points higher at 109. Baldwin advanced 1 1/2 to 123 1/2. American Can showed a net gain of two points at 130.

Call money was unchanged at two percent.

GREENE COUNTY CORN IN EXCELLENT SHAPE

Prospects are Excellent for Good Crop if Frost Holds Off—Other Greene County News.

White Hall, Sept. 23.—There has come to be almost a rivalry among farmers to bring in the largest ear of corn. An ear brought in Monday by John A. Baldwin weighed two pounds,

which set Carl Lowenstein to claiming that he can easily bring in any number of an excess weight. Mr. Lowenstein picked three ears at random, and every one an excellent type. Much of the corn is now ripe, but it will be two weeks before the latest cutting will get well under way next week and with the frost held off for a couple of weeks will insure an excellent crop of corn. The bulk of plowable wheat land has been worked, a considerable

portion of which land being left to clover. Warm weather prevailed Saturday and Sunday night and part of Sunday, the high temperature of Saturday being 88 degrees, and on Sunday it went up to 90, but dropped to 42 degrees Sunday night. These figures show the highest and the lowest temperature readings for the week. The mean temperature for the week was 65.9 degrees, with maximum at 77.1 and minimum at 54.7 degrees. The total rainfall for the week was 1.61 inches, of which 1.32 fell Friday and Friday night. The ground is again drying at this writing and dirt roads are being restored to good condition.

Demands from the residence sections for extending the uniform flag decorations indicates that a large part of the city is to be thus provided and Harry L. Lyons, who is in charge of the installation, states that all orders will be filled while he is on the job. This means that he should be notified at once of all desire for this uniform system of decoration. The largest number of residence orders come from North Main street.

Rev. W. S. Carpenter is attending the sessions of the Alton Synod at Edwardsville, Ill. Mr. and Mrs. W. C. Nettles returned to Chicago, Monday, after spending his annual vacation here from duty as mail messenger on the C. & A. fast mail between Chicago and St. Louis.

Just received, over five hundred New Fall Sample Coats for women and misses on sale \$14.98, \$19.75, \$24.75. Some very fine coats exclusive models on sale \$50, \$75, and \$100. The Emporium.

JIGGS AND MAGGIE TO APPEAR HERE SATURDAY

"George McManus' world renowned comedy characters, Jiggs and Maggie" visit their native soil, during the current theatrical season in a vehicle especially written, entitled "Bringing Up Father in Ireland." It is not recorded whether they crossed the big pond on The Leviathan or on a less pretentious vessel. "Jiggs" however, was heard to express himself unfavorably regarding the "Leviathan" as he was under the impression that it was a Jewish steamship line.

The land of the shamrock will be gorgeously pictured in the production prepared for your entertainment at the Grand Theater for Matinee and night Saturday. "Bringing Up Father" is entirely new each successive season. All that is retained is the original McManus characters "Jiggs and Maggie and of course, "Dinty" and some of the "Gang." A new scenic production with electrical effects, new faces and dances, likewise new music makes it a national institution that will live for many years to come.

The sponsors of "Bringing Up Father" aim to please the masses of the common people. No attempt is made to surpass any other musical entertainment or the work of any other producer. "Bringing Up Father" is in a class all by itself and need not imitate, though it has furnished the material for many pretenders. Music—Comedy—Girls—is the nucleus of all that is pleasing to the eye and ear. No attempt is made to follow the daily cartoons, in fact the play is quite a distance ahead of the newspaper characters. It has been said that when McManus runs short of new material he pays a visit to the play for ideas.

NOTICE

Revival services at Union Baptist church, near Pisgah will begin at 7:15 instead of 7:30. Music will begin at 7 o'clock.

Closing out one lot of women's Silk Dresses, regular \$12 values, \$5.00. The Emporium.

HI Y CLUB MEMBERS IN FIRST MEETING

Forty Seven Members of Y Organization Enjoy Gathering Last Night.

Forty-seven members of the Hi-Y club enjoyed the meeting at the Baptist Church last night when the program of the evening, included short talks by three members of the club, Harold Hembrough, President; Kenneth Danksin and Francis Plouer, who told in an interesting way of their experiences at Camp Seymour, Decatur, the Hi-Y training camp, and a brief address by Secretary Tweet, director of the Y. M. C. A.

At six o'clock, the Hi-Y members enjoyed a bountiful supper, served by the ladies of the Baptist church, and the meeting was opened by the President, Harold Hembrough. The matter of dues was discussed, but it was decided to wait until the next meeting before deciding definitely in regard to them. A committee to take charge of the matter was appointed including George Ardinger, Louis Gard and Charles Williamson.

Following the accounts of the Hi-Y training camp experiences, Arthur Tweet, advisor of the club, spoke informally to the members discussing the ideals for which the Hi-Y stands and urging an enthusiastic interest in the work. A vote of appreciation was given to Rev. W. H. March and John L. Mitchell, athletic coach of the high school, for their interest and unflinching support in the Hi-Y work.

Ranson's Cafe will be closed Sundays from now until spring.

PROGRAM WILL INTRODUCE NEW VIOLINIST

The faculty concert, which will be presented by the Illinois Conservatory Friday evening, September 26th at the High school auditorium is creating a pleasurable anticipation among the musical circles of the city. In addition to being a program of interest and musical merit, the recital will serve as the formal introduction to the public of Mr. Harve Clemens, the new head of the violin department of the Illinois Conservatory.

The program will be opened with Mr. Clemens and Dr. Wm. Kraupner, director of the Conservatory, presenting the Caesar Franck Sonata, for piano and violin, and in addition, will include a group of solos by Professor Garrett Hedge, head of the voice department. Several piano selections by Dr. Kraupner and a number of delightful violin selections by Mr. Clemens, Miss Elizabeth Peck and Miss Ruth Dorwart will be accompanists for the evening.

GUEST IN CITY
Miss Grace Hines of Decatur is a guest in the city at the home of Misses Mollie and Kittie Donovan, West North street.

Just received three hundred little girls and children's new fall hats, up to \$3 values, on sale \$1.25 to \$1.98. The Emporium.

GOLD TIP

SHOVELS and SPADES

COST-per-day is far more vital than cost-to-day. That's why you should get a really good shovel or spade the next time you buy. The better quality, carefully tempered, highly polished steel blades make "Gold Tips" longer lasting. Extra strong handles hung just right give "Gold Tips" their wonderful balance and make them easier to use.

Quality lowers the cost of a shovel and spade by lengthening its life—that's why "Gold Tips" cost less than any others.

The Core of Standard Oil Service

The Standard Oil Company (Indiana) is more than a vendor of petroleum products. It is an organization of service.

When we say that the Standard Oil Company (Indiana) is an organization of service, we mean much more than the every day tangible service rendered our customers through the manufacture, sale and delivery of oil products.

"Service" is a comprehensive term. It means anticipating the needs of the public and preparing to supply these needs when the demand comes.

The Standard Oil Company (Indiana) is laboring day after day to widen the sphere of usefulness occupied by the petroleum industry.

It is broadening the field of service which oil products offer to humanity. It is extending the application of exact science in this most fundamental of all modern industries. It carries on continuously a search for knowledge which shall be of value to society.

In carrying on this great work, it calls upon human ability in every field; it seizes upon the most daring ideas and labors to make them practical through unceasing effort.

Problems which presented seemingly insuperable difficulties have been overcome—limitations which threatened to hamper the development of the industry have been removed.

Improvements in refining, marketing and distribution have been developed, perfected and put into daily operation.

Yet, this is but part of the great service rendered by the Standard Oil Company (Indiana).

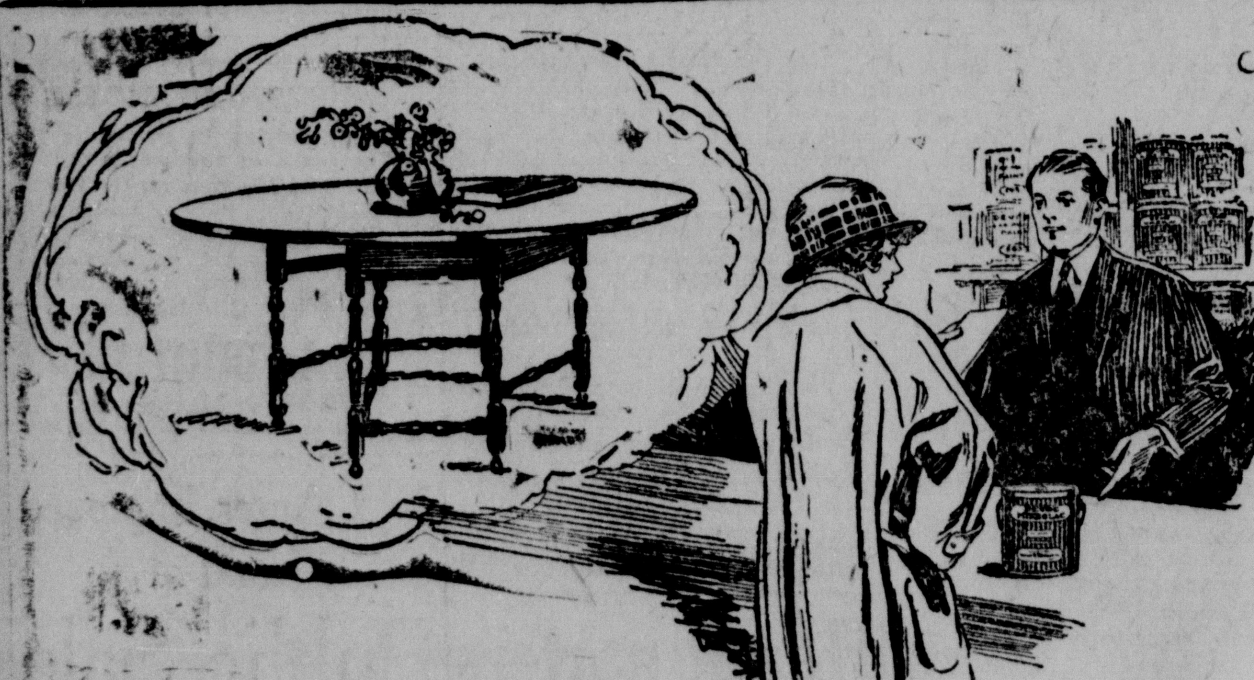

This generation scarcely can appreciate the role which oil will play in the future. Anticipating the demands which will be made upon it, the Standard Oil Company (Indiana) is attracting to its ranks, men with the training, knowledge, vision and enthusiasm necessary to pioneer in the development of the petroleum industry as it will be tomorrow and in the days to come.

The core of Standard Oil Service is in the keen minds of the men who labor in the laboratory and the workshop—unseen and unnoted by the public. It is this part of the organization which has enabled the Company to render so complete a service to society.

Here a host of perplexing problems are taken—problems of manufacture, problems of application, and problems of effectiveness—and each is studied, worked upon and solved, that the patrons of the Standard Oil Company (Indiana) may get the greatest value for the money they spend.
